

Instructions to install MyCap

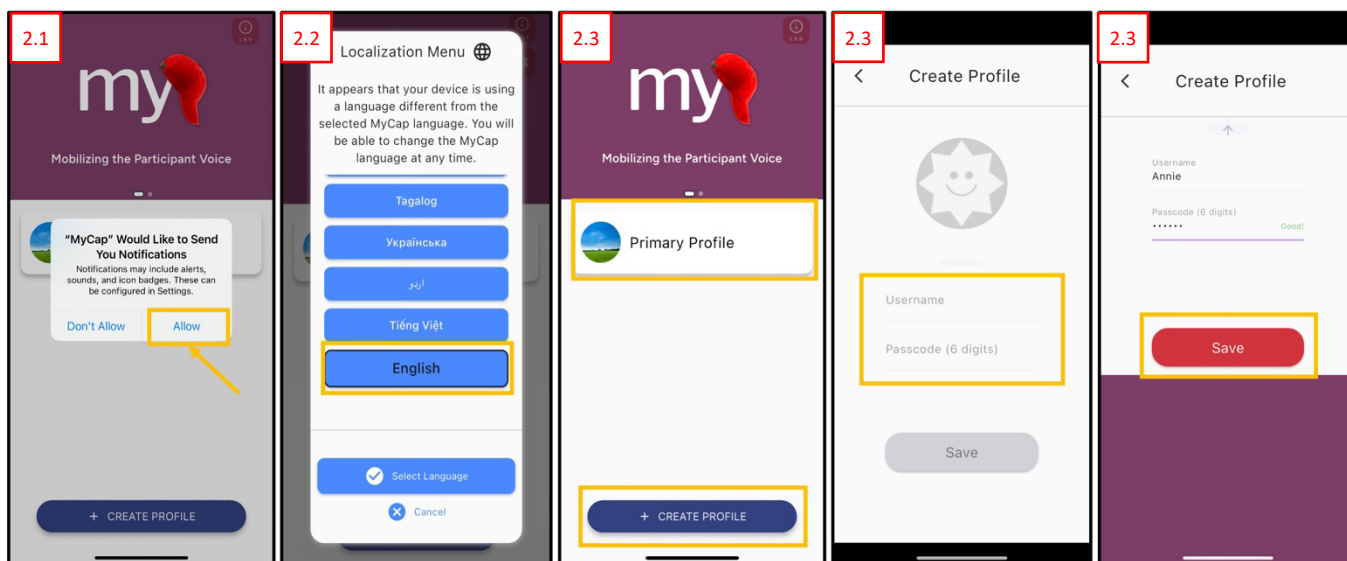

Step 1: Download application

Download the MyCap application on your mobile device through the App Store or Play Store. Please download the one with the **purple icon** as shown below.

Step 2: Setup the app

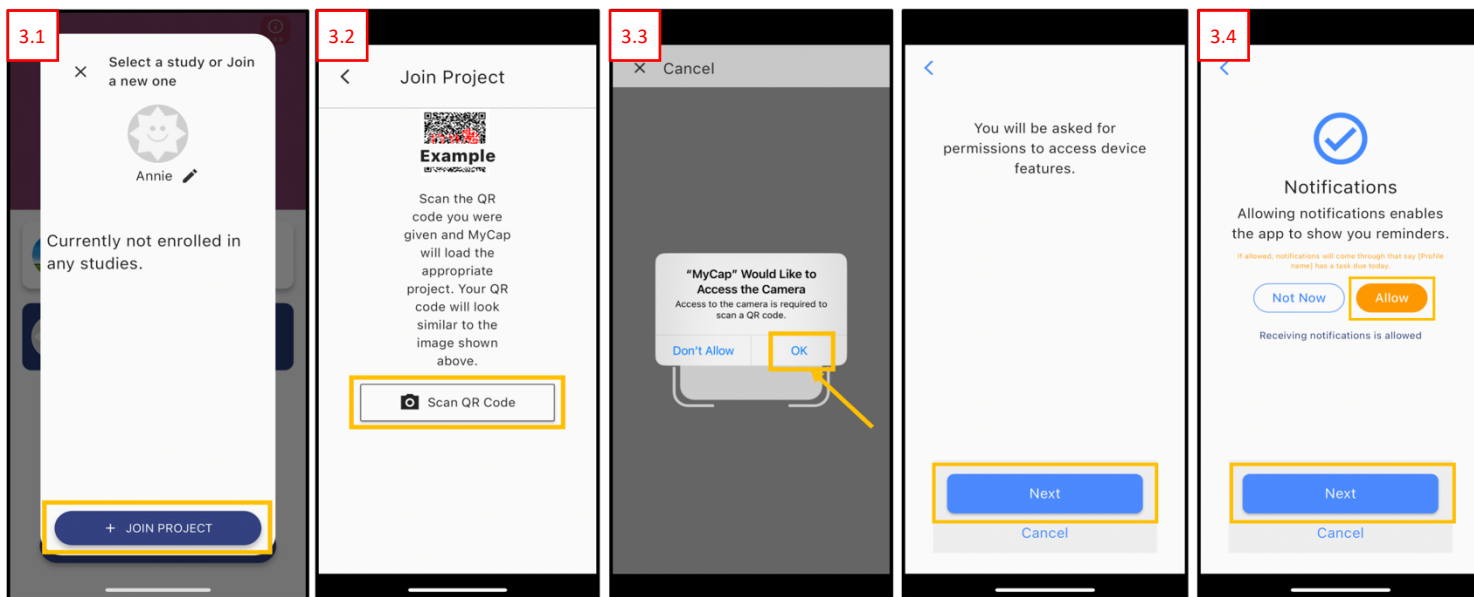

- 2.1. Allow Notifications for this study. MyCap notifications will remind you of activities that are due and new messages from the study team.
- 2.2. Select language.
- 2.3. Create a profile: Before joining the study, select the *Primary Profile* and edit it to include your name or click on *Create Profile*. We strongly encourage you to enable a 6-digit passcode. Please note this code, as MyCap will ask you to enter it every time you open the app.

Step 3: Join study

Option 1: Joining via QR code

- 3.1. Click on *JOIN PROJECT*.
- 3.2. Then press *Scan QR Code*.
- 3.3. MyCap may ask for permission to access your camera to take a picture of the QR code. Click *OK* and scan the QR Code provided in the email invitation.
- 3.4. Click on *Allow* notifications once again and then click *Next* to finish.

Option 2 - Joining via hyperlink

- 3.1. From your mobile device, click on the link in the email invitation. Once the app opens press *OK*.
- 3.2. Select your profile.
- 3.3. Press *Click to join a Study from Dynamic link*
- 3.4. Click on *Allow* notifications once again and then click *Next* to finish.
